NEUROLOGY - DR. A. MELINYSHYN

Thank you for considering a referral to our service. This clinic provides general neurology consultations in the community with a specific focus on headache diagnosis and management. We do not accept referrals for pediatric patients younger than 18 years. Due to our focus on headache management, we may not be able to accommodate all requests for general neurology referral. Please see below for consultation requirements.

What to Include with Your Referral:

- ☐ History of problem onset, character, and duration
- ☐ Copies of most recent clinical note and any other relevant notes (including other specialists)
- ☐ Relevant blood work and investigations to date
- ☐ Past medical history (including blood pressure/cardiovascular history)
- ☐ Current list of medications
- ☐ Detailed list of headache medications tried in the past (including durations)
